2. What are your concerns regarding potential environmental impacts and do you have any mitigation suggestions?

NO CONCERNS

3. Please use this space for additional comments or suggestions.

I am very much in favor of the proposed quarry. As a lifetime resident of Medina County, and a graduate of Hondo High School, I understand the economic impact which the quarry would have. Increased jobs, increased tax base and the boost in economy are greatly needed in this area. We should feel fortunate that a Fortune 500 Company would want to open an operation in our area. The opposition has used some tactics to try and sway public opinion. Once again I am in favor of the quarry and feel that there are no environmental concerns.
