Transcript:

I oppose anymore trains coming over these railroad tracks. They're cumbersome, they usually just so busy during the rush hours in the morning and the afternoons when people are either going or coming home and they normally, we normally, you know, I'm included also, have to sit out there sometimes anywhere from 5 to 10, maybe 15 minutes waiting for a train to pass slowly, as we think we're ready to go here comes another one going in the opposite direction, so it's cumbersome, it's not a very good idea, there's more than enough trains here, matter of fact, some of these trains should be rerouted. So that's my comment and I hope this is being recorded, I'm sure that there is many people in the area that feel the same as I do. So, thank you very much. Have a good day.
