

080215 Vickers

Hello, my name is George Vickers. My address is 746 Bear Ended Lane, Aurora IL 60504. I am calling to express concern about the Canadian National purchase of the EJ&E railway line through the western suburbs of Chicago. I'm concerned about the increased rail traffic, the materials that will be transported, access to medical facilities by the area that are on the eastern side of the tracks to the Rush Copley Medical Center on the western side, access to schools within the Indian Prairie School District that are located up and down both sides of the track through this range as well as at-grade rail crossings for many roads including US Route 34 and US Route 30. If you have any questions you can contact me through email. My address is ghvickers@ameritech.net. Thank you.
