I ~~believe~~ that CN shouldn't buy the railway because, not only will it strangle our economy, and make our house value drop, it will cause safety issues and result in many more injuries and/or deaths over the years. Many businesses on one side of the track depend on people who come from the other side of the tracks to buy things from them. If the people stop coming because of the railroad tracks we know what happens to the businesses. They go bankrupt, and close down. And then a fewer amount of people want to move here because the railways shut down our town. Death of economy is bad, but death of people is worse. The tracks will cause many more casualties than normal. Vote for peace. Vote for economy. Vote against CN railways.
