Submitter's Comments

1. Traffic in my area (west side of Joliet) is ridiculous the way it is. It now takes me 40 minutes to travel 10 miles to work. If you put this rail system in, I may as well move.
2. Hazardous waste going through my neighborhood is dangerous. How would any of you like to be exposed to what we will be?
3. My house value will plummet if this goes through due to such heavy traffic that no one will want to purchase property in my neighborhood, and the fact that hazardous waste will be going through.
4. NOISE! Trains will be going through all hours of the day and night, PLEASE don't let CN get away with this!
