I am Totally against The proposed acquisition of The Elgin Joliet and Eastern Railway Co. without mandated agreements to build overpasses at Ferry, Deihl and Liberty Road rail crossings.

As published The purchaser, Canadian National Railway Co., wants to almost triple the amount of daily trains/day. If this were to take place this would mean we residents would face almost two trains per hour, per day. The increased ~~new~~ trains would force three four lane roads to significant east/west traffic delays. Additionally, because of the potential delay, traffic would increase substantially on North Aurora Rd. which offers the only overpass on the line in this area. Unfortunately it is only a two lane overpass.

I vote against The CNR Co's purchase!
