Subject: Docket AB 303 Wisconsin Central Ltd abandonment in Brown County

Mr. Barron,

We have reviewed information provided to our office regarding the proposed abandonment of Wisconsin Central Ltd. in Brown County, Wisconsin. Based on the information provided, it appears that no discharge of dredged or fill material would occur in any waters of the U.S., including wetlands. The Army Corps of Engineers regulates projects involving Section 404 of the Clean Water Act. Should any activities associated with the abandonment require a discharge of dredged or fill materials in waters of the U.S., including wetlands, please contact our office before beginning construction to avoid conducting any work that may be in violation of the Clean Water Act.

Sincerely,

Linda Kurtz
Project Manager
