I am calling about um the uh train coming through, the CN project and uh, I know people are asking to have a meeting, I would like to have a meeting to hear more about how it's going to affect us. What I hear does not sound very good at all. I don't like all of the extra traffic hassle and the noise, and the dangerous material, and uh all that, I feel that we have enough of that already, but anyway, um that's all I called for. Thank you
