BEECH CREEK BRANCH LINE

Comment Form for Public Scoping Meeting February 10, 2009

Thank you for joining us tonight to learn about environmental studies for the proposed reactivation of the Beech Creek Branch Line. An important component of the environmental clearance process is to gather and consider comments from the interested public. Please complete the information below and deposit this form in one of the collection boxes marked "Comment Forms".

1. In which municipality and county is your residence located?

Boggs Twp. Clearfield Co.

2. How did you learn about the meeting tonight?

Newspaper

3. Please tell us your comments about the information presented here tonight. (How well was the information presented; was it informative and understandable; were the consultants helpful in answering your questions; etc.)

I feel it was a ruse to get the public here to sell us on the idea that opening the Rail line would be good for the public.

4. What additional comments about the proposed rail reactivation would you like to add?

I feel the proposed reactivation of the rail line is just an excuse to open the area to out of state garbage.

We need to have a town meeting to discuss the pros and cons.
