815-464-6679. My comment on this upcoming purchase of the EJ&E by the Canadian National is favorable, I welcome the Canadian National to Frankfort and I think it's a great idea and anyone that complains to the contrary that it'll lower property values is mistaken because I used to for years live right off the Burlington Northern tracks in Brookfield, Illinois and it didn't impact us whatsoever, our house value was fine and the environment was fine and I lived it. So, I welcome it. The only concern I do have though is that there is no train crossings gate on 116th Street in Frankfort and that's only maybe two blocks from the new middle school that was built and that's the only concern I have cause kids walk up and down the bike trail and then cross the tracks to go to school and I think without having gates, I think that's an accident waiting to happen. But otherwise, I hope to see you come through Frankfort. Bye
