Telephone 847-304-5301. My comment is that I, literally, back up, my condo, Shorley Woods Condominiums backs up right to the train track. and this application absolutely needs to be rejected. This is a net regional negative for, not only, Barrington, but for all the communities along this railroad track. Just today, we had a major delay when one of those trains essentially slowed down, stopping traffic during the school rush hour and it was an absolute, horrendous mess. This would only increase if this purchase is allowed to go through so, again, it is very clear to me that this would be an absolute negative for our community and the surrounding communities. Thank you very much.
