

6/2/16

Mr. Navrocky,

My name is Dan Hahn and I am a resident of Clinton Township, Rock County, Wisconsin. I live across the road from the proposed GLB rail line. I have some serious concerns with this project and request that you and the STB consider the following impacts:

1. Increase in noise and vibration.
2. Change in aesthetics of the rural landscape.
3. Land/home values.
4. Decreased ag land productivity.
5. Changes in surface water and tile water drainage.
6. Field access / farm equipment crossings.
7. Traffic delays.
8. Fire police EMT response times.
9. Additional fuel costs and emissions from local residences having to drive further to reach destinations.
10. The extra area needed for the utility easement.

Thank you for your time and consideration.

Dan Hahn
