The Honorable Anne K. Quinlan, Esq.
Acting Secretary
Surface Transportation Board
395 E Street, SW
Washington, DC 20423

CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

Anyone who has been living in the Chicago area is no stranger to the fact that we experience a significant volume of freight train traffic here. In order to help alleviate the congestion in the region, CN Railway has proposed purchasing a portion of the Elgin, Joliet & Eastern railway line, running along the western outer limits of the Chicago area. CN plans to shift a large part of the freight traffic to the less-used EJ&E line. For the good of this region, please approve this purchase.

Personally, I hear the train traffic regularly from my home. It is loud and an inconvenience. If this project is approved, it would result in nine fewer trains passing through La Grange every day. Efficient use of all available rail-lines will allow trains to deliver goods throughout the area a timely manner and benefit the entire Chicago area. Please give this plan your full support. Thank you.

Sincerely,

Sabina Dambrauskas
