

own a farm at 3796 Harrison Road, Rockford, IL. The GLB docket #fd35952 plan on

putting a train track thru our property and many many other properties. There is no

good reason why we need to have it. Com Ed has a easement thru the farm, pipe line has

easement along the farm, Kent

seek flood control took with eminent domain thru our farm, now a train diagonally thru

our farm land. Roads will be closed, emergency services delayed, farm owners fields cut

in half, danger to wildlife, children will have a longer bus commute to school, and if a

railment, the pollution to land and water, etc. So many reasons not to allow this.

There's no reason to have this, just greed. Please don't allow this, it would take away our

rural

landscape, our peace and quiet, our wildlife, our clean water and land, the joy of bringing

our kids and grandkids in a peaceful and safer environment.

Thank you,

Chris and Roger Stambaugh
