Gentlemen:

Besides the obvious facts of traffic congestion, safety for residents from chemical spills during derailments and safety concerns for the movement of emergency vehicles, I feel that allowing this purchase to proceed as is will totally destroy the economic welfare of the community. All homes near the tracks will definitely suffer major losses in their prices. I have been a Realtor for 18 years and have seen what projects like this have done to whole areas. You can't sell a home for anything. CNR needs to invest much more than 100 million in improvements for underpasses or overpasses. Barrington will be doomed!
