

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 9-12-08

I am very concerned about the hazardous materials that CNR Co. will be carrying. I realize the E.J. & E. Railroad carries this hazardous material but I believe the amount transported will be greatly multiplied by the CNR Co. There are many schools near this railroad and the safety of the children will be adversely impacted! Who will pay for the bridges etc? Thank you for your consideration!
