I am very opposed to the Canadian National Railway's acquisition of the E J & E Railway Company. I reside South of this proposal. We have only one fire station and hospital which are North of the crossings used by emergency vehicles to reach us. This would not only put our property but also our lives in jeopardy.

One gentleman from the C.N.R. said the trains would go thru the Hough street crossing at 45 M.P.H. The high school is only a short distance from that crossing. If a student is not aware that a train is coming or if a railroad car should be rail - this could be tragic!

Safety of our residents is the most important aspect of this proposal. We have a very large senior population. This would also devastate our town financially. Getting to stores both north & south of the tracks would hinder people from shopping in Barrington. Please do not destroy our lives and our town.

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.
