

# Derail the Tongue River Railroad

Dear Ken Blodgett, Surface Transportation  
Board, Attention: Environmental filing,

I strongly oppose the construction of the  
Tongue River Railroad and increased coal-  
for-export traffic throughout Montana.

This proposal would negatively affect my  
community by condemning private land for  
corporate profit, just to fuel competing Asian  
economies. It would take good farm and  
ranch land out of production, would make  
farms and ranches more difficult to operate,  
and would devalue property for 90 miles  
through the Tongue River Valley. It would also  
damage irreparably the Tongue River Valley's  
historical and cultural resources. I urge you  
to consider these impacts in the scope of the  
Environmental Impact Statement, to act upon  
the statewide opposition to this project, and to  
pursue the no-action alternative.

docket number: FD 30186

Thank you

I'm concerned that

the Tongue River Railroad is  
ultimately subsidized on the backs  
of ranchers, farmers and the community.  
It doesn't benefit Montana - it benefits  
the coal company.  
Please study the impact of this railroad on farmers  
and ranchers, fish and wild life,  
cultural resources and the increasing  
global climate change crisis.
