

01779. unknown. Casey. POTZ. 60010. O.N.

I am writing to be registered for my opposition against the CN railroad.

My name is Amy Casey and I have lived in South Barrington for 10 years now. Every day before school I have to wake up so early because it takes so long to get to school. The traffic in Barrington is horrendous. If the CN goes through with their plans, who knows how early I'll have to wake up then. Also, my little brother takes the bus to school. I don't want traffic to get even more crazy and out of hand for accidents to be created. On top of all that, the increase of trains means there will be an increase in noise pollution. There will be countless number of homes and people that will have to suffer. I am 100% against what the CN is trying to do. Please help the entire town of Barrington fight the CN. Thank you for your time.

Thank You

Amy Casey
