Comments:

We need an Environmental Impact Statement because:

we want to know what this will do to our air quality, will it be safe for us to be in Hamilton Park and breathe in the fumes from whatever contaminants may be in the air? Not to mention the exhaust fumes from heavy machinery and the noise that comes from the equipment. With all the emphasis on pollution and global warming, I think that keeping parks, grass and trees are imperative to our communities.

* REQUIRED FIELDS

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
