My family members and I that live in the area witness how much congestion there already is with traffic. I would be terribly inconvenienced with an increase in train traffic if the CN railroad purchased the EJ&E. I believe that the result would be a big disaster. There is much concern with safety with the surrounding high school and middle schools. Many buses travel up and down Lake Cook Rd. I feel that property values would decrease tremendously. I looked up the CN railroads accident reports and with them carrying hazardous materials there is great risk for all the outlined homes, schools, and businesses around the tracks. Please do not allow the CN to damage this great town of Barrington. Please fight against this acquisition of the CN railroad and prevent the American taxpayers to be forced to pay for this type of railroading by a foreign corporation.

Thank you,
