**Re: Re: Docket No. FD 30186, Tongue River Railroad Company, Inc. —Rail
Construction and Operation—in Custer, Powder River and Rosebud
Counties, Mont.; Information Request #2**

Dear Ms. Rutson:

Following up my April 17, 2012 telephone conversation with Danielle Gosselin, this letter written on behalf of Tongue River Railroad Company, Inc. ("TRRC") requests an extension of time in which to respond to Information Request #2 ("IR #2") issued by the Office of Environmental Analysis on April 5, 2013.

IR #2 currently requires TRRC to provide the requested information to the Board by no later than April 19, 2013. TRRC's engineering team is currently preparing responses to IR #2. However, given the extent of data requested, and due to the fact that TRRC's engineering team has been attending the Section 106 meetings held this week in Lame Deer, Montana for the Tongue River Railroad Project, TRRC requests an additional two weeks in which to respond. If granted, TRRC's response to IR #2 would be due May 3, 2013. Please note that TRRC will nonetheless endeavor to submit responses to IR #2 sooner to the extent possible.

We appreciate your consideration of this request.

Sincerely,

A handwritten signature in black ink, appearing to read "David H. Coburn", written over a horizontal line.

David H. Coburn
Attorney for Tongue River Railroad Company, Inc.
