RE: STB Finance Docket No. 35087
Proposed Acquisition of the EJ&E Railroad by Canadian National

Dear Ms. Johnson-Ball:

I am a resident of Frankfort, and I am formally **opposing** the proposed Canadian National Railway acquisition of the EJ&E Railroad.

I am opposed to this for many reasons, not the least of which is the environmental impact. If the CN purchase of the EJ & E is allowed to proceed, the impact to surrounding schools, churches and neighborhoods will have devastating consequences. The sound and vibration of thundering, fuming freight trains every 51 minutes will be felt for miles along these tracks. Add to this, the noise and most concerning, the increased risk of a toxic spill due to the 600% spike in harmful chemicals hauling through town at 45 miles per hour begs the question, "Will the STB ensure that the final environmental impact study addresses the significant negative environmental impact to our community?"

As someone that built our dreamhome less than 3 miles south of these tracks, I am now desperately concerned about this possible change to our community, and the impact that it would have on my home & my family.

Please consider these concerns and do not approve this proposed acquisition.

Respectfully submitted,
