Hi, this is regarding STB Finance Docket Number 35087, we are a resident family that is living in Richton Park and we are against the new line coming through. We all want you to recognize that there are already 38 trains per day currently 8 trains crossing Cicero Avenue daily. There are at least 460 boxcars per day containing hazardous materials that pass through our home. An environmental change in our daily air quality and this is issue regarding safety. We are totally against this new train being purchased. We would like for it to not happen, the purchase of the Elgin, Joliet and Eastern railway by the Canadian National railway company. We would like our voices heard and the stopping of the purchase of the line. Thank you.
