Thank you for this oppourtunity. It's a brand new senior community by Del Webb. We are within a couple of blcoks of one of the intersections for this train system and we already have 16 trains a day that come by. The possibility of them increasing to 42 will really, badly, adversely affect all of us. Shorewood, the town I live in, is a community that is on a real growth cycle and this train comes directly through its town center area where we are encouraging companies like Kohls and other companies to come in and develop their businesses. Kohls has already agreed to this. We may lose this oppourtunity if we have a railroad crossing that is constantly affected by trains. So I am calling to report my comment that I'm adversely, that I'm in opposition with this acquisition. Thank you for the oppourtunity to state my thoughts. My phone number is 815-846-5057. Thank you, have a great day
