Comments:

We need an Environmental Impact Statement because:

more information is necessary to ensure that the air quality through the process will not be a problem to people living in the area as well as the wildlife including migratory birds. The other important issue is flooding. This has been a great source for the absorption of stormwater. J.C. doesn't only have problems with sinks and flooding and this could make them worse. And we need

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
