Transcript:

Yes, I'd like to make a statement against Canadian National Railroad. I just wanted to say that I am totally against this acquisition. Canadian Northern has no business coming through our country to use our rails and to not make any money off the profit. Our taxes will go up definitely because we don't want to pay for infrastructure. And our taxes and our problems with our county right now would be a double indemnity to the people in the communities. So please stop this acquisition it's truly, truly very important and I hope you guys do the right thing. Thank you.
