 Group/Affiliation: none

Message: RE: Docket # 35087 to increase rail traffic on the EJ&J Railroad. TROUBLE!!!
 The Ogden Ave / Rte 34 crossing will be adversely effected! Ambulances have to get to Rush Copley. School buses to Waubansie Valley High School. Not to mention what the TRAFFIC JAMS which will do to these two things I mention above. The noise of the trains is incredible now - increased traffic will make this a worse nightmare in summer when windows are opened... you can hear them clear now in winter with windows closed. An OVERPASS is required on Rte 34 / Ogden Ave. As it is now, one train can back up traffic to the west almost all the way to the high school! This is not acceptable to make this already awful situation worse! The only way to agree to the increase of RR traffic is to insist on an overpass to allow vital traffic to keep flowing - especially the freight. It's needed freight - I realize but not at the expense of the community's safety and well being.
