Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8-27-08

I DO NOT WANT those trains to come through B-TOWN because I don't want to be late for school. If I am late my grade will start to go down and I would like to go to college. Also I would be late for my sports and commitments. Please don't let the trains come through my town. It will also make people late for jobs and I would really like for my parents to keep their jobs so I can keep my house. It will create total chaos and traffic.

[illegible]

Joliet
