Clearfield County, PA; Beech Creek Railroad Reactivation Project

Dear Mr. Starner:

The Bureau for Historic Preservation (the State Historic Preservation Office) has reviewed the above named project in accordance with Section 106 of the National Historic Preservation Act of 1966, as amended in 1980 and 1992, and the regulations (36 CFR Part 800) of the Advisory Council on Historic Preservation as revised in 1999 and 2004. These regulations require consideration of the project's potential effect upon both historic and archaeological resources.

Thank you for supplying additional information of the proposed project. There may be historic buildings/structures/districts/objects eligible for the National Register of Historic Places located in the project area. However, in our opinion, the activity described in your proposal should have no effect on such resources. Should the scope and/or nature of the project activities change, the Bureau for Historic Preservation should be contacted immediately.

If you need further information regarding historic structures please consult with Susan Zacher at (717) 783-9920.

Sincerely,

Susan Zacher for
