David - Attached is the 5/13/2011 Working Final PA with minor edits from SHPO. Stipulation III.A.1. To facilitate the development of the MOU I have added "SHPO" as a signatory to be consulted with during the development of the MOU by the Working Group.

A second change to the document is on page 27-28. The contact information for the Iditarod Historic Trail Alliance is updated with Lori Henry's contact information.

Judy Bittner

Subject: RE: Replies to SHPO's Comments on Final PA

Folks -

I agree with the SHPO's and ACHP's suggestion that other interested parties must be consulted throughout the MOU process. However, I have incorporated this suggestion using a different approach. I have added a new Stipulation

III.A.3 that requires the Working Group to specify consultation procedures in the MOU and to consult with other interested parties throughout the MOU implementation process (see attached). I have also incorporated ACHP's suggested edit for Stipulation V.A, added a new sentence to Stipulation

III.A.4 to clarify which parties must sign the MOU to execute the document, and made some minor edits to Stipulation B.1 to reflect consultations with other interested parties.

The reason I took this approach was the edit, as originally suggested by Judy, could have been interpreted to mean that the other interested parties would also be signatories to the MOU. However, this is a multi-year project, and the composition and level of active participation by of the other interested parties would likely change over time depending on the leadership of the other interested parties at

the time, the portion of the proposed 35-mile rail line being evaluated, the landowners and users groups being affected, etc. This could have brought the MOU process to a grinding halt as it bogged down in a logistical and administrative details associated with keeping the signatories and legal status of the MOU up-to-date.

If this mark-up is acceptable to everyone, I will accept the tracked changes, and will redistribute the Final PA for signature. Please let me know by close-of-business, Wednesday, May 18, 2011, if this mark-up is acceptable.

Thanks,

Dave Navecky

Per a discussion with Charlene, I am advising STB that we agree with the SHPO's edits that clarify the expectation with regard to the inclusion of interested parties in the Working Group process. Also, as discussed with STB, we made some minor changes to Stipulation V by including KTC and MSB as parties with which ARRC will hold the Iditarod Dog Sledding Historic District Workshop to clarify the involvement of the Working Group parties in the workshop. (please see attached) We have no further comments about the final PA.

Subject: RE: Replies to SHPO's Comments on Final PA

WE have one small change to broaden participation in the Working Group. The Working Group has broad responsibilities and should allow for the participation of interested parties who represent those broader interests and provide different areas of expertise needed for the plans, curation, survey, evaluation and oral history. The APE includes a mix of landowners and historic property types. Section 106 in all about consultation with interested parties. If this PA is to the use a Working Group concept, then the consultation concept needs to be part of the Working Group process.

Attached is a marked up copy with SHPO comments.

Subject: Replies to SHPO's Comments on Final PA

Folks -

I'm forwarding a reply by the Mat-Su Borough (MSB) and the Alaska Railroad to SHPO's May 2, 2011 comments on the Signature Version of the Final PA (see email text below and attached Word document).

I believe the MSB's and railroad's reply represents a reasonable response to the SHPO's comments and I propose that we move forward with these changes as the revised Final PA.

Despite the STB, MSB and railroad having already signed the April 15, 2011 Final PA, I will need to recirculate the document again for signature. My intent is to accept the attached version of the Final PA and then resend the document to the Signatories and Invited signatories for signature.

Please let me know by close-of-business Wednesday, May 11, 2011 if you concur that the attached Final PA can be circulated for signature, or if you have specific, substantive objections to the document.

Thanks,

Dave Navecky

RE: Port MacKenzie Final PA - More SHPO

Dave,

ARRC has reviewed the most recent changes to the Programmatic Agreement proposed by SHPO, and is writing this email to express its concerns.

In general, ARRC is concerned that adding new members to the Working Group created in Stipulation III of the PA conflicts with the primary purpose of forming a smaller group to address various issues that may arise in connection with specific stipulations. At the same time, ARRC recognizes SHPO's concern over adding the Iditarod Historic Dog Sledding District to the Working Group's responsibilities. But instead of expanding the Working Group, as SHPO suggests, ARRC believes that the best solution is to simply remove Stipulation V relating to the Iditarod Historic Dog Sledding District from the list of issues that will be addressed in the Working Group's Memorandum of Understanding. That change fully addresses SHPO's stated concern without altering the composition of the Working Group. (HTK and WDMA will still be able to participate in the Workshop conducted by ARRC pursuant to Stipulation V.) With the Iditarod Historic Dog Sledding Group removed from the Working Group's purview, there should be no need for additional changes to Stipulation III.D.

With regard to the other change proposed by SHPO, ARRC does not agree with the deletion of the word "contributing" on page 9 of the PA. ARRC considers "contributing element" to be a commonly used term of art with an accepted meaning. In ARRC's view, using the term "element" by itself is confusing.

A redline showing ARRC's proposed change to Stipulation III.D is attached.

We are happy to discuss these issues in more detail over the phone at your convenience.

Regards,

Jay

Subject: Port MacKenzie Final PA - More SHPO Comments

Kathryn and Jay -

The SHPO has submitted more comments on the Final PA, dated April 15, 2011, that had been sent out for signature. I have attached the two pages that contain edits. Let me know if the edits are acceptable to ARRC and MSB.

I've made a similar inquiry with the ACHP.

Thanks,

Dave
