Re: consulting party
nancy saiers to: Diana.Wood@stb.dot.gov

09/08/2015 11:47 AM

History: This message has been replied to.

Dear Ms Wood: I am interested in a consulting party role as the new PA is developed. Please take this as my request to be included as a consulting party. My contact information is as follows:

Edward L. (Larry) Saiers
1559 Shippan Ave.
Stamford, Ct. 06902

Home phone 203 428 6897
Cell 703 216 7949

Please let me know if this is sufficient for me to be included as a consulting party, or do I need to do something additional?

Thanks for your quick reply. As a retired USG employee, I know how hectic things can get.

Larry Saiers

Dear Mr. Saiers:

I received
your voice message and do
recall meeting with you in 2007 or 2008 concerning your
property in Medina
County. If you are interested in participating in the
development
of a new PA for the approved rail construction project,
please provide
updated contact information, including your new address, to
me by September
18, 2015.

Sincerely,

Diana F.
Wood

Subject:
consulting
party

Ms. Wood: we met
several years ago re the Southwestern
Gulf RR. I'm a landowner along the ROW and understand
that there
is a new program review that you are undertaking and that
documents have
been sent to interested parties. I have not received any
information
from STB, but I do want to be a consulting party during this
process. I
know time is running short, so I would appreciate a call to
clarify what
is happening and what I need to do to be a "consulting
party"

I left you a voice mail; my phone number is 203 428 6897
in Stamford,
Ct.

Sincerely yours,

Edward L. (Larry) Saiers
