STOP THE GLB NOW Thousands of trees would be destroyed
in Sumner Township alone. Nature's natural air purifier.
Frank Patton has no RR experience. When it goes broke
what happens to the ground--wasted, destroyed--no longer
farmable??

We have worked hard for over 40 years to build a legacy
for our family. This would destroy it all and ruin our
estate plans as well as many others. He would build
retention ponds--I have yet to see one work--but they do
seem to cause a lot of drownings.

Why do not the other rail lines support him??? Whose freight
would he haul?? To pay off an \$8 Billion debt?????

He wants to buy farm ground cheap and turn it into industrial
property to sell at a high price--otherwise he could not use
15,000 acres for a railyard STOP THIS NOW

NOTE: When an individual chooses to submit an Environmental Comment or some Other Submissions, his or her personal contact information is considered public information and is shared within and outside of STB without additional authorization.
