Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

As a Barrington resident and father of two, I am concerned about the impact on local traffic within the Village of Barrington.

Today it takes over 15 minutes to cross downtown during rush hour (approx 2 miles drive). This additional train traffic will significantly increase this time.

The proposed traffic will impact over Hwy and Barrington (Hwy) street at the same time - cutting off our alternate route.

Additional impact on our environment, loss of control over local traffic conditions and noise impacts will also negatively impact our community.

YOUR INPUT IS IMPORTANT!
