Comments:

We need an Environmental Impact Statement because:

The public has a right to know, and the city has an obligation to deliver a full and complete assessment of any environmental risk or hazard. We purchased our first home right across the street from the Embankment so any decision made on its future will hugely impact us as ^{well as} our children. The city cannot afford costly lawsuits, loss of property value, and loss of interest in living in this growing community - one of the most coveted neighborhoods in JC.

* REQUIRED FIELDS

I authorize the Embankment Preservation Coalition to file this comment with the Surface Transportation Board.
