My phone number is 630/585-8630. I am calling to express my opposition to the Canadian National Railway Corp. acquisition of the EJ&E Railroad. Two main concerns are vehicle delays at railroad crossings on roads that are already very congested, and also the safety issue--emergency response times are going to increase, as well as noise and pollution, as increased trains pass through our local community here. So, I am in opposition to this. Thank you very much.
