RE: STB / Surface Transportation Board, Construction and Operation of 11.4 miles of common carrier rail line, Obion County, TN

Dear Ms. Rutson:

We have reviewed the documents you submitted regarding your proposed undertaking. Our review of and comment on your proposed undertaking are among the requirements of Section 106 of the National Historic Preservation Act. You have submitted documents that are insufficient for us to complete our review. To continue the Tennessee State Historic Preservation Office review of this undertaking, please provide us with the following information:

1. An aerial map that shows the location of the project.
2. A USGS topographical map that shows the location of the project.
3. Photos of the project area.
4. Identify historic resources in your Area of Potential Effect and assess any effects to historic resources. Any historic resources identified should be marked on an aerial map that also shows the project location.
5. We request an archaeological survey for your project area.

Upon receipt of this additional documentation, we will continue our review of this undertaking as quickly as possible. Please be advised that until this office has provided you a final written comment on this undertaking, you have not met your Section 106 obligation under federal law. Questions and comments may be directed to Casey Lee (615 253-3163). We appreciate your cooperation.

Sincerely,

E. Patrick McIntyre, Jr.
Executive Director and
State Historic Preservation Officer
