

C N acquisition of the E J + E

I'm writing concerning C N acquisition of the E J + E rail line.

I work at Silver Cross Hosp in Joliet, Ill. and I live on the west side of Joliet, needing to cross those railroad tracks almost everyday.

Getting to work will delay a lot of employees, not to mention the ambulances that will be held up with critical patients.

I stand in opposition to the proposed acquisition of C N

Thank you
Carolyn Minnick
