Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

I am extremely concerned with the safety aspect of this purchase. Emerging vehicle will not be able to respond quickly while the increase in In-Train Traffic.

Also Downtown Barrington is very congested without any increase in rail Traffic.

The impact on our community values will be very devastating.

This must be stopped and reevaluated.
