Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 9.4.08

Comments must be submitted by September 30, 2008.

Dear Sirs:

I understand the need to move freight faster. What I don't understand is how a foreign company, for profit, can buy track and think they can ruin our towns. I am strongly against the CNRC acquiring the Elgin, Joliet and Eastern railways. The additional trains will create a safety situation with no reasonable answer from CNRC. Our way of life will be changed forever, our property values will go down and the life style/time is unfair burden on my business.
