I am totaly aginst CN using EJ&E railway, because it will increase rail traffic in our community area. Not only it will be difficult to get to work on time (I'm crossing this railroad every morning) plus it's not safe for the kids (my daughter's elementary school is only block away from railroad) plus the horoble noise - when our windows are open during night, we can hear trains coming by, and if this will happen more offten, how are we going to get our rest. I am very concerned about this acquisition and totaly againts it. Thank you for your consideration in solving this problem.
