Message: Dear Ms. Johnson-Ball,

I am a housewife raising five small children in Lake Zurich, IL. I urge you and your colleagues to not allow the sale. The Canadian National would bring freight traffic that would devastate my city. The draft EIS stated that many communities would benefit from more grade separations and included Ela Road and Old McHenry Roads for mitigation. These crossings are easy to name as they are main lanes for business and commuters. The Draft fails to note the intersection of Midlothian Road and Main Street. Our High School and one elementary school abut the tracks at this intersection. If the sale goes through without this grade crossing being funded, Lake Zurich will suffer tremendous gridlock during school transport times. In general, I hope you understand how little the public will benefit from this sale. A great burden will be placed upon unsuspecting people in the cities that the rail runs through and the approximate 900,000 persons who live west of the tracks. Again, I ask that you prevent this sale from becoming a reality.

Sincerely, Suzanne Petropoulos
