**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

I am concerned that the gridlock created by the number of trains going through town will hurt our community's viability. How can we survive in terms of safety, ability to move from one place to another in a reasonable amount of time, etc., etc.

If underpasses or sub-grade tracks are built, who is going to pay for these major changes? Our community has financial issues as it is, as do other neighboring towns.

YOUR INPUT IS IMPORTANT!
