Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The most critical role that our public officials serve is to protect and enhance the safety of the public. So I have two simple, but direct, questions for them:

- ① How does the proposed CN acquisition maintain or enhance the public's safety?
- ② Who will be held accountable when an ambulance or fire truck is delayed due to a 2 mile train clogging up a community's major (or minor) intersection?

Share on those that permit the CN acquisition.

YOUR INPUT IS IMPORTANT!
