Our Family concern is for "Community Safety" & for the safety of our children.

We live in Jewel Park bordering the tracks. Our kids cross the tracks several times per day, both ~~for~~ in buses and on foot. Increased freight traffic puts them at risk.

We will also be cut off from fire, police & ambulance services. The risk here is tremendous.

We truly are Not against "Progress" but for "Safety".

Please STB ~~to~~ help us! Don't approve the purchase without ensuring our community is as safe a place to live as yours.
