Transcript:

I attended the Matteson public meeting on August 25th on the EJ&E merge with the Canadian National. I've observed the information, I've read up on it, I'm very familiar with the situation and I'm very much in favor of the acquisition of the EJ&E by the Canadian National. I would serve the entire Chicago area. It would benefit the entire Chicago area as a regional improvement and any environmental impacts there would be would be minor compared with the tremendous improvement from that acquisition. So I would definitely be in favor of it, it, there's no question, I work in the transportation industry, it would benefit the entire Chicago region and that's why I'm in favor of it. Thank you
