I am writing to urge you to support the sale of the EJ&L railroad with the following condition. There is already an urgent need for an overpass at Ogden Ave (U.S. 34) and the NTSB has determined this to be a high priority crossing should the sale occur (Chicago Tribune, 11/19/08). This crossing already adds significant time to my wife's commute to her job in Montgomery and additional rail traffic will make it worse. However, as conservatives we understand that we must make sacrifices for the greater good of the of the region. Requiring CN to pay a significant portion of this single overpass as a condition of the sale will add even more benefit to the local economy and increase support throughout the region
