Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

As a citizen of the United States of America I feel that this proposal is unethical. The negative effects that will occur from this proposal are astronomical. The pollution, hazard to children, traffic headaches and the list goes on!

This proposal is simply UNAmerican, unethical and will be unliveable for the residents of Barrington. Also keep in mind not only Barrington but the surrounding Chicago and area.

My mom has heart disease and I work south of the tracks. If my mom ends up north of the tracks (Good Shepherd hospital) and dies, how would you feel if it was your MOM? OR how would you feel if I starting driving late to work and lose my job from being late.

What about the children you vide the buses which cross the tracks? Look at cases such Fox lake where children have died.
