Transcript:

I am calling to make a comment. I have several citizens in my city who are trying to e-mail comments on the boards website today September 30 and are having difficulty apparently are being asked for a password and they have a password and its not being accepted. So if someone is listening to this real time and has a chance to look into the difficulty I have received a phone call and I received an e-mail and I'm the president of my village and that's why they are contact me on this and I just wanted to make note of that for you so that all of the comments can be considered. So if someone could look into that that would be great. My phone number is 847-304-3445 that's my number at the village hall in case someone wishes to call me back on that point. Village Hall's address is 200 S Hough St Barrington Ill 60010. Thank you so much. Bye.
