What comments do you have about the Draft Environmental Impact Statement?

I have Fished & Hunted the Richardson
 Clearwater since 1969 & own property there.
 I feel that the proposed Railroad Route
 has a very good chance to ~~destroy~~ destroy
 the life-style we want to keep for
 our children & grand-children. THERE ARE
 TOO many unknown Factors such as
 penetration into underground water sources,
 unstable ground since the Cayla Lake Fire,

Hazardous Material Spills

It if is Built it should Located south
of Rainbow Lake, South of Rock Lake,
Then parallel To the North Boundary of
the Training Area. It ~~Does~~ Does Not need
an Access Rd. It should Be reconsidered
For Construction as To what it's going
to cost the Tax-payer
